

WCARC Meeting Minutes - April 9, 2019

The April 9th, 2019 meeting of WCARC was called to order at 7:00 pm by President Will (KW1LL). There were 10 members and guests in attendance. The reading of last month's minutes were given by Will (KW1LL). The minutes were accepted and seconded by Jim (WE4SI) and John (KD4WX). Thanks to Jay (WS4JM) for taking preliminary minutes.

Mike (KD4IID) and John (KD4WX) reported the 440 Repeater is up and running. Will, Jim, and Mike reported good signal reports.

New business was brought up about helping with a running marathon by Doug Holder at VanBuren County Scouts camp. A forty mile course for the runners will require communications for the running event. August 31st is the targeted date for this event. Event time is 7:00 am to 8:00 pm. Target number of radio operators needed are 4 plus 2 chase operators. Mike (KD4IID) offered contact info for EMT services (Rescue Squad) for the race. He will give contact info to Mr. Holder. The expected number of runners looks to be about 100 runners at this time. The target date is in conflict with the club's previous commitments to the White County Fair.

Special presentation on CW was given by Larry (K1MBF). A good presentation was greatly enjoyed by all present with some very good handouts for practice.

With no new business, a motion to adjourn was made by Mike (KD4IID) and seconded by John (KD4WX). Meeting adjourned at 8:10 pm.

Respectfully submitted,

Steve NN9J

Minor edits by Daniel (KK4MKZ) 5/6/19.
