Old Business:

The repeaters seem to be up and running with no issues

New Business:

Jay inquired if there was any interest in having the club participate in Field Day this June, Will also brought up Lester Flatt days and the Miners celebration. Anyone interested in participating in these events please notify Will or myself. We will also discuss further at the next meeting.

It was brought up by Will that having a “show and tell” was a good way to encourage participation, and also provide a learning experience for those attending. If you would like to show of one of your projects, let Will or Jay know and we will schedule you some time at a future meeting.
